

Diagnosing the Organization[®]

Individualized Training

"Diagnosing the Organization" is customized to your organization. Through tested tools, we examine and enable the learner.

Consulting

Our team practices what we teach. An expert team of organizational diagnostic consultants, we take learning seriously.

OrgScienceSM

TRAINING OBJECTIVES

Designed to engage learners with real examples of organization diagnostics.

Improve the learner's ability to identify and assess key process areas within the organization.

UNIQUE APPROACH

Evidence-based curriculum focused on identifying areas for improvement. We use research to educate the learner about specific improvement plans and expected outcomes.

GLOBAL PERSPECTIVE

Scholar / Practitioners use experience to guide the learner through this course.

INSTRUCTORS

Dr. Edie Williams

Dr. Ron Sheffield

Dr. Kari Schaeffler

Dr. David Rude

Dr. Cynthia Bell

Your business does not need to be broken to be improved. From growth to sustainability, organizations seek to be healthy.

Our team will review the basics of "how to diagnose" portions of your organization.

Each instructor brings over 20 years of leadership expertise and rigorous academic training to share. Formally educated at The George Washington University in Washington, D.C., we are scholar / practitioners trained in assessing, identifying, and improving organizational processes.
